Chief Editor

Keeping in mind the fact that the legal market follows the economy, naturally and globally, it is evident that the Ukrainian legal market has witnessed a boom of clients and projects. However, highly performing professionals remain in demand. Flexibility, quality and client care are becoming the core of the success.

Some players stand out enhancing their multidisciplinary capacity, while others emphasize their niche specialization. Some key players decided to take advantage of the growth in business generated abroad and pursue international approach in their market strategy. Other teams champion their focus on the domestic market considering national expansion and local approach. Overall, the handbook is enriched by diverse content and is a must-read for anyone in the legal field.

**Ukrainian Law Firm 2013. A Handbook for Foreign Clients** was prepared to give a unique insight into the development of the national market. The structure of the guide is such that it contains essential analysis and valuable data.

The **Ukrainian Legal Market** provides for an introductory frame of recent facts and major trends. **Practice Areas and Industries Review** is contributed to by several Ukrainian legal practitioners, who carefully studied law and practice.

The **Who Is Who in Ukrainian Law by Practice Areas** (Industries) in the additional section, which is designed to give our readers an exhaustive and precise market picture over the past year, describing available performance of the actors involved.

Combining the goal to achieve of introducing innovation into our research, we decided to bring to your attention brief profiles of international players, which do not have offices in Ukraine but nevertheless work on Ukrainian deals through their regional desks and other national partners.

The research team was greatly excited by enthusiasm of the market in 2013. We truly hope that you will get the same excitement from reading the findings in this Handbook.
